Confirmation

We hereby confirm that our sixth form students are supposed to do a one-week work experience of personal interest each term, either with a company or at a university. This work experience may also be done abroad if the country's official language is taught at our school (English, French, Spanish).

All students are instructed to find suitable work placements by themselves.

During their work experience, our students' accident and liability insurances are covered by the City of Cologne.

Dr. J. Röhrig
Headmaster

Silke Boch / Thomas Kiechle
Coordinators for Study and Career Orientation
